# HAPPENINGS IN THE BASE BALL WORLD

## BASE BALL

(John A. Duffy in the Sharon Telegraph.)

Come, come, ye fans and rooters, awake, sit up and stare.  
The glad old days are coming there's base ball in the air.  
And down at the old folk's table there's many a vacant chair.  
The bush leaguers are "hiking." All winter they've been there.

The sun once more is shining, chase the chill from out your voice;  
The glad old days are coming, the season of your choice,  
When bugs cling to the bleachers, and faithful hearts rejoice,  
From April days, so showery, till the frost is on the squash.

There'll be hits and runs and errors, and balls that curve and shoot.  
There'll be fans who cheer and root, while a "ump" they jeer and hoot.  
And for missing wifey's supper they'll get a lecture that's a beaut.

The grand old days of baseball, ye fans, they're almost here;  
When business is forgotten, the gladdest of the year,  
When losses, they are bitter, and victories they are dear,  
Ye fans, awake! Get busy, for baseball's nearly here.

## UNBOUNDED ENTHUSIASM

Shown in Local Baseball Circles.

## HIGH SCHOOL TEAM

Rounding Into Shape for the Opening of Season

Business Men and Shopmen are now Waiting Anxiously for Grounds to be Put Into Condition

Although the principal figures in the baseball leagues were some time ago very anxious to have the Garfield park baseball grounds placed in readiness at once, they have apparently changed their attitude for the street commissioner has been waiting for more than a week for the baseball managers to direct the manner in which the work is done.

The board of public service quite recently instructed the street commissioner to employ the necessary men and teams to do the work as requested by the baseball managers of the association. Everything was in readiness to commence work about a week ago, but the commissioner has heard nothing from those who are to instruct him.

It is the general feeling that the work had better be done at once or the grounds will another year be in such a condition that fast play will be impossible.

A great amount of enthusiasm is being aroused among the business men and the shopmen, over the prospects of a league season. Every one has the baseball fever, and the Ohio and Pennsylvania league team being assured for the season will help to keep up the enthusiasm among the local players.

A league among the shopmen will be an innovation this year. In the past it has been impossible for many of the shop employees to play baseball because their employers did not favor allowing them to lay off. The management of the Y. M. C. A. has arranged this part with the employers, and as many of the men are called upon to play will be permitted to lay off for that purpose.

There will be four teams in the shopmen's league and four in the league of business men.

It is probable that there will be six or eight teams in the school league. The playing season will commence about May 1.

## HIGH SCHOOL TEAM.

The High School baseball team is working hard to get into condition for its opening game with Mt. Gilthead on April 20. Fred Scott, captain of the team, has aroused considerable enthusiasm among the students and the daily practice is attended by a large squad.

Only a few of last year's stars are back in the same and the fight for regular positions between the new men is very spirited. The captain

expects to develop a strong team from the material at hand. The athletic association of the school will assist the team financially and it has been decided to purchase new uniforms.

## "BILLY" FETTER CHOSEN CAPTAIN

Hogan's Runtz Organize for Coming Season.

Candidates for the Various Positions to Report at the Marion Park Next Sunday.

The final pre-season meeting of the Hogan's Runtz Athletic Association was held in the club rooms in the Grand Opera House block yesterday evening at 7:30 o'clock, and the election of officers and the final plans for opening the season were formulated.

The election resulted in John Able being re-elected business manager, Harry E. Keller, assistant manager and William Fetter, captain and coach of the base ball team. Captain Fetter immediately upon his reelection issued a request that all members of the club that wish to try for the ball team, meet on the diamond at Marion park Sunday afternoon.

Captain Fetter stated today that the team would immediately go into hard training and be in condition for any early season games that may be secured. A series of three games with the local O. and P. league team will probably be booked and already Manager Able has a number of names on hand with several athletic associations of the state.

The Runtz will have one of the strongest teams ever organized in the city, and Marion sports are assured that base ball hunger will be satisfied at all times.

## MARTY IS WISE.

Is Marty Hogan afraid to line his Zanesville team up against any of the O. and P. bunches? It's beginning to look that way. President Sturges asked the foxy one, for a couple of exhibition games, but Marty shook his head and refused. Ferd Drumm also went after him for three games and again Marty did the shaking and refusing act. That the O. and P. teams have it all over the P. O. M. is generally conceded and Marty will find that he is not handling a bunch of stars, such as he guided last season. He is negotiating at present for the odds and ends of the Columbus and Cincinnati teams and may be able to pick up a few dead ones this way. —Mansfield Shield.

## LANCASTER'S TROUBLES.

Right on the heels of the Marion trouble comes another tale of woe from another O. & P. camp. The Lancaster base ball company is rent with internal strife and the strife has reached the courts of law. Two former directors, C. F. Nester and Frank Matt have brought suit in common pleas court against James A. Davidson and Harry Smith, asking for an accounting of affairs of the club up to this season. The plaintiffs seek the appointment of a receiver. The suit follows the taking over of the club by the new stock company from the old partnership arrangement.

Concerning the situation today the New York Tribune has the following to say: "There isn't any question about the situation being critical. Youngstown quivered, Marion is tottering, Lancaster is very weak, although they claim they will be strong, and the end is not yet. If all reports are true, and now the Sharon management, urged on by others, say they will not agree to the schedule unless they have another meeting at Cleveland, which will incur the additional expense of perhaps \$200, and who pays for this? Zanesville Signal.

## WANT TO KNOW.

There is a base ball rule which states that a player cannot be sold to another league unless waivers are secured from the teams of the league in which he is playing. Several O. & P. magnates are anxious to know whether this ruling applies to the O. & P. or not. The rule was brought into the limelight through Ferd Drumm's disposition of Bill Miller to the Steubenville team of the P. O. M. league. Bill refused to play with the local team, and a number of O. and P. owners began to get busy. However, Ferd didn't want to see the fast fielder on any other O. & P. team and allowed him to be lost to the league.

## BASE BALL PARK PLANS

Accepted by the Marion Team Officials.

STAND AND BENCHES

When Completed will Seat About 3,500 People.

Local Officials are in Cleveland Today Attending Schedule Meeting—Changes are Expected.

J. J. Sloan, the architect, has completed his drawings and specifications, for the finest baseball park that the city has ever had and the plans have been accepted by the officials of the local Ohio and Pennsylvania league team.

The grand stand will be rather a large affair and will comfortably seat between 1500 and 2000 persons. It is to be built of select lumber and made as substantial as possible. The stand will be roofed and will give ample protection against sun and rain.

On both sides of the grand stand along the right and left field fences the bleachers will be built. The stands will be built of the best material obtainable and will safely hold about 1500 persons. It is planned to drill a well on the grounds so that the field can be sprinkled during the dry season.

This afternoon the contract for the construction of the stand will be let by the officials. As many carpenters as it is possible to secure will be put on the job in order that the work can be completed within two or three weeks. The C. D. & M. management is making arrangements to tear down the fence and stands at Marion Park and bring the lumber to the new site. The fence will be taken down in sections and will require only a short time to rebuild it.

The engineers are at work today completing their plans for the grounds. Within a few days, work will be commenced setting the playing field in condition.

Manager Drumm and Director E. G. Stalger, of the local club, are in Cleveland today attending the meeting called for the purpose of accepting a schedule for the season. A short time ago the local officials received a draft of the schedule, which it is proposed to adopt at the meeting. As has been stated before the local club will oppose this schedule on account of the many long jumps the club is called upon to make. Most of the clubs are only required to travel 3500 miles but the local club under the proposed schedule will have to travel about 4200 miles. It is expected that a number of changes will be made so that everything is satisfactory.

## LIMA IS GAME.

Lima's chances for base ball are growing daily more remote. Marion has effected a compromise with the traction people and the owners of the club there will now proceed to build a new park.

The traction people have consented to build the fence at the new grounds provided the club builds the grand stand and diamond. The directors of the club have decided to do this rather than market the franchise, an will use the old grounds for practice, as well as playing many games in other cities. A few of these may come to Lima. While this temporarily disposes of chances to immediately acquire the Marion franchise for this city, the O. & P. league before the end of the season is sure to find some weak spot. —Lima Times Democrat.

## IN SESSION TODAY.

Magnates of the Ohio and Pennsylvania Baseball league met this morning at 11 o'clock in the Hollenden hotel for the purpose of adopting a schedule for the season of 1937. The draft was completed by a committee two weeks ago and will be submitted to the league for adoption or revision.

Sharon and Newcastle will offer some objections. They are not satisfied with the present division of holiday dates. Akron, Youngstown, Newark, Lancaster and Marion are said to be satisfied. Sharon bases its claim for more holiday dates on the ground that Sharon is a steel town and would give greater patronage than some of the others on

occasions when the steel mills are not in operation.

The schedule committee spent two whole days on the draft and endeavored to make the distribution of plums as just as possible. It is likely that enough clubs will stand by the committee that the dissenters will be voted down. Thus far the O. and P. league has managed to avoid disagreements of a serious nature, and it is likely that nothing of a disagreeable nature will arise over the schedule. The season will start about May 1.—Plain Dealer.

## O. & P. GROUNDERS.

Drumm will arrive Wednesday. It begins to look like business.

O. & P. clubs are hustling now as they got a late start.

Marty Hogan's cutting quite a swath down at Zanesville.

The draft certainly worked havoc among O. & P. teams last fall.

The managers are finding it difficult to fill some of the holes.

The new park at Youngstown will cost \$9,000. Akron's park cost \$7,000.

The Akron team will be garbed in white at home and in blue while on the road.

It isn't likely that Manager Walter East will use Tommy Atkins on the firing line this year.

The Buffalo management has promised Mert Whitney that if he doesn't make good he'll get his release.

Thus the big first baseman will have a chance to go back to Youngstown if the company is too fast for him.

Tim Callahan and George Mathay will fight it out for a job in Akron's outfield. Caffyn and Nalin are the other regulars.

The Sharon O. & P. League team has adopted white suits for home games and blue for those abroad during the coming season. The coat's will be trimmed in black and the blue ones in the same color.

Nearly all the players tried out by Connie Mack of the Philadelphia Americans proved to be failures. He didn't have any youngsters from the O. & P. league on his list.

Those bloodthirsty men who are after jobs as arbitrators in the O. & P. league will know their fate today.

Sharon club officials are dissatisfied with the schedule. They say that the Shenango valley burg is a better ball town on Labor Day than Akron. That remains to be proved.

"Kid" Butler, shortstop with Akron last season, may be kept by the St. Louis Americans and made an understudy of Bobby Wallace.

Manager Wright secured two more youngsters for a try-out with the Youngstown team. They are P. G. Laughren of Warren, a catcher, and Charles Cassella, pitcher, who started out last season with Newark.

The total mileage of the O. & P. league has been cut down about 600 miles by the schedule recently drafted.

A series of exhibition games between the Lima Burners and Marty Hogan's Zanesville aggregation ought to be a great drawing card. Marty says no and what can Ferd do.

Bob Lindeman's experience in the Tristate league is proving a vast help to Drumm. Since signing with Marion, Bob has given Drumm a line on several players of more than ordinary ability.

Jimmy Breen has taken charge in Lancaster. He has instructed all his players to report April 3, which is the earliest date to any of the O. & P. league clubs will get together. On April 7 the second Cincinnati team will play Lancaster.

Buff Ehman will play with Akron, but it is more likely that Cleveland will be after him again next season.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish form after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

The Bradford Regulator Co., Atlanta, Ga.

## Mother's Friend

Ben Caffyn, the Cleveland disc-jockey, has accepted terms with the Akron management upon the advice of Secretary Farrel of the National Commission. Ben wanted to return to the Western league, believing it faster than the O. & P.

A. C. McClintock, the star short stop of the O. & P. has signed with Youngstown again for this season. Stories concerning his refusal to sign with Youngstown were floated but Manager Wright has succeeded in bringing him around.

Pitche Hunt has refused to sign a Sharon contract although under reserve. Secretary Clepper has asked the National Commission to blacklist him.

Wehrle park at Newark will be greatly improved for the season of 1937, and should this season prove successful, the magnates have big plans in view for their park next year.

Roy Castleton also stands an excellent chance on staying with the New York Americans. In fact Roy's opportunity becomes brighter with each succeeding day. Roy is the only south paw on Griffith's staff.

Both Geyer and Upp pitched great ball against the Chicago Cubs at Columbus Sunday. A number of Marion fans went down in the snow to see the game.

Leave your measure for your spring suit at Joe Voll's, North Main. 3-1511

## JAP ROBE FOR AFTERNOON.

Fashion Set by Women Prominent in Parisian Society.

At the afternoon reception the tea services must be dainty and varied, the floral decorations profuse, the lights skillfully arranged to set off the dresses of the callers, and the seat well grouped to facilitate conversation.

In Paris Mme. Meria Dorian, Princess Metechersky, has set the fashion of wearing Japanese robes over long princess gowns. Of course, everybody does not possess a wonderful collection of these robes like the princess, but it is interesting to note how quickly a beautiful idea is copied, and how often our society leaders now receive, on their "at home" days, in exquisite Japanese robes that give color and tone to their salons, and they call for so many compliments on their taste.

A Truth.  
It's an uncommonly modest man who doesn't experience a sense of pride if his doctor tells him he has an unusual and probably fatal disease. —Life.

The Ideal in All.  
God hides some ideal in every human soul, and life finds its noblest spring of excellence in this hidden impulse to do our best. —Robert Collier.

Rests in Life's Melody.  
Ruskin has said: "There is no music in rest, but there is the making of music in it." In our whole life melody, the music is broken off here and there by "rests," and we foolishly think we have come to the end of the time. God sends a time of forced leisure, sickness, disappointed plans, frustrated efforts and sudden pauses in the choral hymn of our lives, and we lament that our voices must be silent and our part missing in the melody which goes up to the ear of the creator. See Him beat the time with an unvarying count, and catch up the next note as if no breaking place had come between. Not without design does God write the music of our lives. He it ours to learn the tune and not be dismayed by the "rests." They are not to be omitted. If we look up God will beat the time for us.

Madame Dean's French Female Pills.

EVERY WOMAN who is interested in her health and who wishes to keep her system in perfect condition should take Madame Dean's French Female Pills. These pills are the most reliable and most effective remedy for all female ailments. They are sold by all druggists and are guaranteed to give satisfaction.

confronts us. It is the question of providing for the home which can never be properly answered until we realize that "provide" is a verb that should ever be conjugated in two tenses—present and future.

There is in our American life, too often, a blind optimism in living up to an income, in assuming that because the sun of prosperity shines warmly today there is no need of providing umbrellas for a possible rainy tomorrow. Those who wisely live within an income rarely have to face the problem of trying to live without one. There are two simple guarantees against future poverty and dependence on others, two great safeguards for home and family—a bank book and an insurance policy. They represent the material defense of the home, a bulwark of love's forethought standing strong and firm in the hour of need. —William George Jordan in the March delineator.

**LIVER**  
Failure of the liver to filter bile from the blood, where it is poison, and pass it into the intestine, where it is excreted, causes jaundice, biliousness, headache, indigestion, and constipation. The kidneys, by their direct action on the liver and kidneys Dr. A. W. Chase's Kidney-Liver Pills thoroughly cure all diseases of these filtering organs.  
**Dr. A. W. Chase's Kidney-Liver Pills**  
One pill a dose, 25 cents a box, at all druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.  
For sale in Marion, Ohio, by Flock's Drug Store.

**GOING ABROAD.**  
Going abroad for health is a confession that medical treatment has not brought improvement. No one can deny that a decided change of climate is often beneficial if made in time, yet we contend that those suffering from coughs, colds or lung diseases can obtain air as fresh, food as pure, and medicine as effective at home as in foreign lands. For nearly fifty years Piso's Cure has been doing its beneficent work in relieving coughs, colds and lung diseases. Many cases thought to be incurable, have been cured by its use.

Read the following sworn testimony:  
To Wm. H. May, Clerk:  
After having a cough for nearly one year, the doctors prescribed cough and consumptive cures, trying cod liver oil and various other remedies, until I was nearly worn out. I then purchased a box of Piso's Cure, and after taking it for a few days, I found it was doing me good. I have now been cured of my cough, and my lungs are perfectly sound.  
C. D. DORR, 117 W. Pleasant St., Cuyahoga Falls, Ohio.

God hides some ideal in every human soul, and life finds its noblest spring of excellence in this hidden impulse to do our best. —Robert Collier.

**MADAME DEAN'S FRENCH FEMALE PILLS.**  
EVERY WOMAN who is interested in her health and who wishes to keep her system in perfect condition should take Madame Dean's French Female Pills. These pills are the most reliable and most effective remedy for all female ailments. They are sold by all druggists and are guaranteed to give satisfaction.
